Altotheism: Unmasking the Most Dangerous Faith on Earth

What if the most dangerous faith isn't atheism—but belief in God without surrender to Him?

In a world flooded with spirituality, many profess belief in God. But does belief equal salvation? Or could millions be unknowingly trapped in a counterfeit faith?

Altotheism: Unmasking the Most Dangerous Faith on Earth introduces a bold, urgently needed theological concept: *Altotheism*—the belief in God's existence coupled with a rejection of His authority. From Lucifer's rebellion to the modern church, this ancient deception has taken root in every age, wearing the language of worship while resisting the Lordship of Christ.

In this powerful and timely book, best-selling author Donovan Neal traces the arc of Altotheism through Scripture—from Eden, through Israel’s history, to the final global apostasy in Revelation. With prophetic clarity and biblical depth, he exposes how this spiritual counterfeit appears in churches, culture, and even in our own hearts—and offers the only path of rescue: true repentance, true surrender, and the worship of the Lamb who was slain.

If you’ve ever wondered why cultural Christianity feels powerless, why so much religion lacks intimacy with God, or why spiritual deception is on the rise—this book will open your eyes.
